

2023 REPORT TO THE COMMUNITY

Shelter Renovations Complete

In 2014, the Capital Area Humane Society began a comprehensive renovation and expansion project to enhance our facilities and improve our ability to care for homeless and abandoned pets. The final phase of this project focused on our adoptable dog and puppy areas. Despite significant delays caused by the COVID-19 pandemic and supply chain challenges, we are thrilled to announce the completion of our shelter renovations!

2023 Impact: Achievements Made Possible by You

- 3,401 pets placed
- 5,996 public low-cost spay and neuter surgeries
